## **TECHNICAL SPECIFICATIONS**

### **WOODEN POLE CLIMBERS**

#### **1. Long Term Performance**

- a. The material supplied should be capable of withstanding the typical service conditions in Lebanon for a period of 20 years without determinant to the operation and maintenance characteristics.
- b. The materials should be designed, manufactured and packed so that the exposure to the conditions of storage, transport inside and outside Lebanon and the installation in the environment will not affect the physical characteristics.

#### **2. Type Approval**

- a. Products previously approved by OGERO are accepted.
- b. A sample should be provided for test.
- c. All tests should be performed and submitted if requested.
- d. All Associated International Specifications should be respected.
- e. American, European or Japan Product are accepted.

#### **3. Quality Assurance**

##### **3.1. QUALITY SYSTEM ACCREDITATION**

- a. Manufacturers may be required to supply a copy of the Quality Manual which shall be utilized for the manufacture and delivery of the supplied material complying with this specification, at the time of tender.
- b. OGERO may require the manufacturer to be accredited to this specification either by OGERO personnel or assessors acting on behalf of OGERO.

##### **3.2. INSPECTION**

- a. OGERO or its authorized representatives may inspect the Tenderer's facilities at any time for the purpose of Quality Assurance surveillance.
- b. If requested by OGERO the tenderer shall supply evidence of the quality of raw materials and components used in the manufacturing process.
- c. All supplied items manufactured to this specification may be inspected and tested by OGERO to check compliance.

**OGERO**

Networks Directorate

Page 2/2

- d. OGERO has the right to request proof of compliance with this specification, either by witnessing actual performance of this specification's prescribed tests and/or the provisioning of documented test results at the discretion of the inspector.
- e. In the case of a dispute, testing shall be performed by an independent authority at the expense of the tenderer.

**4. Reserved Rights**

OGERO cannot guarantee that any of the requirements, standards, regulations and conditions of this specification are not covered or protected by copyright or patent of a third party. OGERO reserves the right to make changes to the specification without further notice.

**5. General Requirements**

- a. Delivered materials should be free from burrs, sharp edges, or projections that may be hazardous to personnel.
- b. All products should have the following details:
  - i. Manufacturer's name( built in stamp).

**6. Compliance Statement**

The tenderer must provide the compliance statement with the specifications requirements and indicate his compliance or non-compliance with all clauses of the specifications listed below. There are three statements to describe compliance:

- 1. Complied
- 2. Non complied
- 3. Non complied - with alternative solution

**7. Compliance List**

Specifications	Yes	No	Alternative Solutions
