Dear Sir,

In reference to the Tender related to the "Procurement of Microsoft Reinstatement of Licenses for one year", find below the Answer related to a query received by CDR by fax:

Q1. I am sending you this email for some clarifications about the below:

Request for quotation Para. 17, Annex 2 Para. 4: Kindly clarify your point from these paragraph. As I understood, the quotation price will cover One Year only. The renewal for a second year will be quoted separately in case requested, but you need us to approve that we will give you the renewal within the same price quoted for the first year.

A1. The Supplier shall quote its total price for one year using the forms provided in the Suppliers' Quotation Form in Annex 2. The evaluation will be based for one year price and not more. The Supplier shall commit to this quoted yearly price without increase in case the Employer request renewal of the licenses for up to two additional years.

This Clarification shall form an integral part of the Tender Documents.

Yours faithfully

and Reconstruction**
