Lebanon Emergency Assistance Project (LEAP)
Terms of Reference for the “Environmental Expert”
June 2025

I- Introduction

As Lebanon emerges from the 2023-24 conflict and overlapping multifaceted crises, the proposed emergency Project supports the most urgent repair and reconstruction of damaged critical infrastructure and lifeline services and the sustainable management of rubble. Given the magnitude of the needs, estimated at approximately \$11 billion, the Project establishes a robust, transparent, and data-driven framework to identify and execute priority investments, restoring essential services where they are most urgently needed to resume social and economic activities. This framework will allow the Government of Lebanon (GOL) to seamlessly coordinate support for recovery and reconstruction as additional financing becomes available from partners. To enable the efficient delivery of the expected volume of investments in the years ahead in an accountable and transparent manner, reform measures and streamlined procedures have been identified to strengthen the Council for Development and Reconstruction (CDR) according to international benchmarks.

II- Project Background

The Proposed Project Objective is to enable sustainable recovery and restore lifeline services and critical infrastructure in conflict-affected areas of Lebanon.

The LEAP will support the GoL in a sequenced approach to response, recovery and early reconstruction. This will include improvements in the environmental management of rubble, restoration of lifeline services and critical infrastructure in prioritized areas affected by the conflict and support to the most vulnerable to undertake repairs to partially damaged housing. The Project will inform longer term reconstruction of damaged public buildings and infrastructure using a Build Back Better (BBB) approach to promote adaptation, sustainability, inclusion, and significant energy efficiency improvements and considering options for private sector financing. The four Project components are: (1) Immediate Response, (2) Lifeline Services and Critical Infrastructure Recovery; (3) Sustainable and Robust Reconstruction of Infrastructure and Lifeline Services; and (4) Project Management.

The LEAP is implemented by the Council for Development and Reconstruction (CDR) (hereinafter referred as Client) representing the Government of Lebanon (GOL) with expected funding support from the World Bank (WB).

III- Objective of the Assignment
