DATE	:	11 NOV 2026	**No. OF PAGES :**		**(1) INCLUDING COVER SHEET**

Dear Sir/Madam,

With reference to the Request for Bids for the Lebanon Emergency Assistance Project (LEAP) – "Restoration of Water Sector Services – Pilot Zone Villages, South Lebanon", the Council for Development and Reconstruction (CDR) hereby issues the following clarifications in response to the requests received from prospective Bidders:

1. **Bank letter:** No specific form is prescribed for the bank letter. Bidders shall list their proposed sources of financing in Form FIN – 3.3 (Financial Resources) of Section IV – Bidding Forms, supported by bank letters or other documentary evidence in the issuing bank's own format.
2. **Liquid assets and credit lines:** No minimum duration is specified for liquid assets or credit lines. Bidders shall demonstrate that these resources are available or accessible to them, net of current commitments, and sufficient to meet the requirement of Section III – Evaluation and Qualification Criteria, Criterion 3.1.
3. **Intended Completion Date:** Section IX – Particular Conditions of Contract, GCC 1.1 (v), states that "The Intended Completion Date for the whole of the Works shall be the following date: **180** days after the Commencement date." The Arabic invitation letter states that the duration of execution of the works is **90** days. To remove this discrepancy, it is clarified that GCC 1.1 (v) shall read as follows: "The Intended Completion Date for the whole of the Works shall be the following date: **90** days after the Commencement date."

These clarifications form an integral part of the bidding document.

You are kindly requested to acknowledge receipt of these clarifications by signing and returning the attached acknowledgment slip via email or fax.

Yours faithfully

Council for Development and Reconstruction
President

Mohamad-Ali Kabbani
